

# DEFIBRILLATOR GUIDE

## Where is the defibrillator?

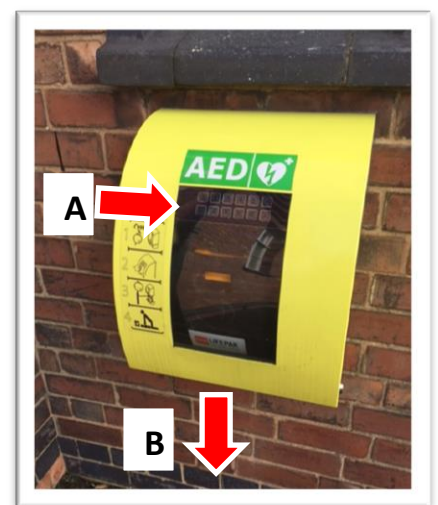

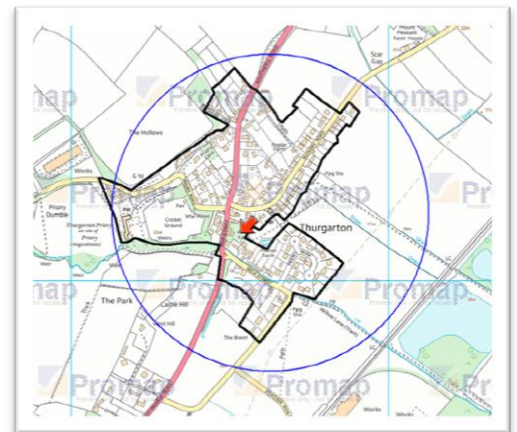

The defibrillator is located outside the **Methodist Church on Bleasby Road, Thurgarton, NG14 7FW** – see red arrow on the photo for exact location.

## Who can use the defibrillator?

Any adult can use the defibrillator. You do **NOT** need training to use the defibrillator.

## How do I access the defibrillator?

1. CALL **999**
2. If the emergency is located within the circle on the village map shown (represents 500m perimeter from the defibrillator); and the 999 operator determines that the Defibrillator is required for the emergency then they will automatically provide you with the 4 digit code which is needed to open the defibrillator case. If the emergency is just outside the circle perimeter you will need to provide the full address of the defibrillator to the ambulance service operator. It may be the emergency is located closer to another defibrillator in a neighbouring village.
3. Once you have the code go to the defibrillator
  - Enter the code – see A in photo
  - The defibrillator will then drop from bottom of the casing – see B
4. Carry the defibrillator back to the location of the emergency
5. The defibrillator will talk to you with instructions on how to use it

**PLEASE KEEP THESE  
INSTRUCTIONS IN A  
SAFE PLACE**
